HEARING and VISION

Has your child had a vision screen/test? _____ If yes, when? _____
(Alberta Health and Wellness fully insures eye examinations for children between the ages of 0 and 18.
Please see your optometrist for your child's free eye exam.)

Has your child had a hearing screen/test? _____ If yes, when? _____
(Some hearing problems can delay your child's speech and language development. Early screening for hearing loss can help prevent many learning, social, and emotional problems that can be related to speech and language development. Call your doctor if at any time you suspect your child has a hearing problem, such as if your baby does not seem to respond to loud noises or your young child is not making sounds or talking at the expected ages.)
